## GUIDE

# Library Home Page > E-Library > Scientific Databases

The screenshot shows the Iliia State University Library website. The browser address bar displays `library.iliauni.edu.ge/en/`. The navigation menu includes: Home, About, Services, Reading Halls, Collections, E-Library, E-Catalog, News, Contact, Iliiauni, and flags for the United Kingdom and the United States. A dropdown menu is open under 'E-Library', listing: Scientific Databases (highlighted with a blue box), New Collection, Audio Collection, Video Collection, and Photo Archive. The main banner features an open book and a laptop, with various scientific database logos: Scopus, ISI Web of Knowledge Journal Citation Reports, Thomson Reuters, ProQuest, ScienceDirect, IMF eLIBRARY, DOAJ, BioOne, The NEW ENGLAND JOURNAL of MEDICINE, Royal Society Publishing, Project Gutenberg, Project MUSE, CAMBRIDGE UNIVERSITY PRESS, EBSCO, and Britannica. A blue arrow points to the right, and a yellow arrow points to the left. At the bottom right of the banner, the text 'სამეცნიერო ბაზები' (Scientific Databases) is written in Georgian. The footer contains the text 'Home' and the URL `library.iliauni.edu.ge/en/scientific-online-databases/`.

# Scientific Database > Access Type

# The Basic Search Form

# Basic Search Tips

- Try these tips for a more effective Basic search:
  - Place words within quotation marks to search for exact phrases:
    - “to be or not to be”
    - “customer relationship management”
  - Use Boolean operators to construct a better search:
    - “tea trade” AND smuggling
    - microfinance OR microcredit
    - “united states” NOT “united kingdom”
  - Use field codes to search for titles and authors quickly:
    - To search for an article titles - ti:”Non-Cooperative Games”
    - To search for an author – au:”Albert Einstein”

# Advanced Search Tips

- The Advanced Search form is especially useful when you want to target a search to a type of content or to a specific discipline.
  - Construct a more complex query by adding more search fields.
  - Use the drop-down boxes to limit search terms to the title, author, abstract, or caption text.
  - Use the “Narrow by” options to search only articles, include/exclude book reviews, search for content published during a particular time frame, or in a particular language.
  - Focus your search in specific disciplines and titles using checkboxes.

## Smuggling and the British Tea Trade before 1784

HOH-CHEUNG and LORNA H. MUI

SMUGGLERS have a secure place in adventure stories, and the difficulties in which the East India Company found itself in the 1770's, in part because of the activities of smugglers of tea, are firmly established as contributory to the American Revolution. This article, so far as the Revolution is concerned, can explain how some of those troubles arose; it may also help to bring smuggling down from the heady realms of romance to the workaday busi-

# Viewing Content on JSTOR

- The “view” page for each item on JSTOR provides many ways to explore the content.
  - The “Tools” box includes the option to view and download a PDF, as well as many options for saving and exporting citations.
  - For journal articles:
    - The “Summary” link on an article view page provides the abstract (if one was published with the original item) and list of references from the article. Where possible, JSTOR provides links from the references to other articles on JSTOR, and sometimes to off-site content.
    - The right-hand side of the page provides helpful links to related content on JSTOR and to searches for related content on Google Scholar.
  - For multi-user books:
    - When reached via a search, the book view page shows links to two of the most relevant chapters at the top of the page.
    - The book view page also contains the table of contents and introductory text snippets for each chapter in the book, as well as an easy “Download Chapter” buttons to obtain PDF copies of chapters.
