Quick Search

The screenshot displays the SAGE Journals website. At the top, the SAGE logo is on the left, and the text "Institution: Ilia State University PARENT" is in the center. On the right, there are links for "Sign in", "Contact us", and "Help". Below this is a navigation bar with tabs for "Home", "Search", "Browse", "My Tools", and "Information & Services". A search bar on the right of the navigation bar contains the text "Search all journals:" and a "Go" button. The main content area is divided into several sections. On the left, there is a sidebar with links for "Search All Journals", "Browse Journal List", "My Tools", and "Information & Services". The central area features a large graphic of people sitting at a table, with a "Go" button. To the right of the graphic, there are several promotional boxes: "Search and Browse Journals by Discipline" with links for "Browse" and "Advanced Search"; "View more products from SAGE" listing "Books", "Textbooks", "Reference", and "Additional products"; "SAGE and Open Access Publishing" with a "Find out more" link; "Helpful Resources:" listing "Podcasts and Vodcasts", "Mobile Vouchering", "Library Recommendation Form", and "COUNTER4 Update"; "New Journals" with a link to "View a list of new launches and publishing partnerships"; "Be first to read what's new in your field" with a "Sign up for journal email alerts" link; and "Explore SAGE Podcasts and Vodcasts" with a link to "Explore SAGE Podcasts and Vodcasts". At the bottom left, there is a "News from SAGE" section with a link to "Connection Blog" and "SAGE Insight", and a news item titled "Connecting with the Community: Adrien Ginesty on Rec..." by Alan Maloney, Senior Product Analyst, SAGE. The news item text reads: "When considering researcher needs around academic information seeking and retrieval, we often assume ...". The date and time "Jan 7, 2016 8:38 PM" are displayed at the bottom of the news item.

A Quick Search across full-text articles can be performed by entering keyword(s) or author information in the Search all journals field. Quick searches may also be performed within each journal site.

Advanced Search

Advanced Searches use a signature fielded Boolean system. This award-winning search tool allows you to construct a multi-term query specifying terms and their logical relationships using the Boolean operators AND, OR, and NOT. Multiple terms entered in a single search box are treated as an exact phrase. Each search term row can be limited to search across specified content areas (i.e. title, abstract, full text, references).

Search History – Last Ten Searches

The Search History page keeps track of your 10 most recent searches run during your current **browser session**. As you run searches on the site, your most recent search is added to the top of the list. If you exceed 10 searches during your browser session, your oldest search is removed from the Search History page. [Learn more](#) about search history on *SAGE Journals*

Search History

During each of your current sessions on SAGE Journals Online, your search term(s) will be tracked through the Search History feature. For each search term(s) you use during your session you may edit, add to Saved Searches (see My Tools), delete, run search, or save the term as an alert. If you have more than one search term during a session, you can also combine searches with a Boolean “AND” or “OR” to create a new search term.
